## **Energy Solutions scholarships given**

Three San Juan County 10th graders were recently announced as recipients of the Energy Solutions Foundation Scholarship for math, science and engineering majors.

Kendyl Boyd of Monticello High, Spenser Bradford of San Juan High and Briannon Bylilly of Whitehorse High will each receive a \$2,000 scholarship to pursue a bachelor's degree in math, science or engineering. Students can choose the school they attend as long as they seek a degree in one of these fields.
