

## EnergySolutions Foundation Scholarship Awarded to MHS Student

The EnergySolutions Foundation launched a scholarship program last fall that was open to sophomores who wish to seek a degree in math, science or engineering. The program was open to every high school in Utah. The initial award is \$2000 with three grand prize recipients. The grand prize levels are \$25,000; \$5,000; and \$2,500 with a new lap top computer. All awards will be given when the student enrolls at an accredited junior college or university.

EnergySolutions is pleased to announce that Chelsey Carling is the recipient of a \$2,000 scholarship from Millard High School.

In a letter to Principal Alldredge, the foundation stated: "We would like to thank you, your counselor, and the math and sciences teachers for supporting our scholarship program. This qualified students wouldn't have been chosen if it weren't for you and your staff's willingness to take time to send transcripts, write letters of recommendations, and tell your stu-

dents about the scholarship program. We were happy with our success this year of having 118 high school participate in Utah and having over 1000 students apply. Thank you again for your support for the EnergySolutions Foundation Scholarship Program. We look forward to working with you again next year."
