

Tri-City Herald

11-25-07

Benton Franklin Community Action Committee and Second Harvest Tri-Cities.

The event is from 7 p.m. Friday to 7 a.m. Saturday. Teens will spend the night "homeless" to learn about the issue. Speakers, movies, a food drive and discussion are planned.

Registration packets are available at area schools, the Toyota Center ticket office and the Three Rivers Convention Center administration office.

EnergySolutions to award \$2,000 scholarships

The EnergySolutions Foundation plans to award scholarships to 10th-grade students for a second year.

The merit-based program offers \$2,000 scholarships toward a bachelor's degree in math, engineering or several branches of science to sophomores at Tri-City area high schools.

Last year, EnergySolutions awarded nine scholarships to area students to encourage them to pursue math, science or engineering degrees.

Winning students also may compete against winners in seven states where EnergySolutions has major operations for scholarships of up to \$25,000.

For an application, go to www.energysolutionsfoundation.org.
